CHAIRMAN'S STATEMENT

“The Group achieved a commendable operating performance with a revenue of S\$123 million and an EBITDA of S\$69.5 million. Total profit for FY2017 increased by S\$1.7 million or 5.9% to S\$30.1 million”

Dear Shareholders,

On behalf of the Board of Directors, it is my pleasure to present the annual report of Bund Center Investment Ltd (“BCI” or the “Company” and together with its subsidiaries the “Group”) for the financial year ended 31 December 2017 (“FY2017”)

GROUP PERFORMANCE

Despite the challenging business environment, the Group achieved a credible operating performance with a revenue of S\$123 million and an EBITDA of S\$69.5 million. Total profit for FY2017 increased by S\$1.7 million or 5.9% to S\$30.1 million.

The Bund Center, which consists of Office Tower and the Westin Bund Center Shanghai Hotel, remains the main contributor to the Group’s operating results.

Leasing income decreased to S\$56.8 million (RMB278.8 million), mainly attributable to lower average leasing occupancy rate for both Bund Center Office Tower and Ningbo Golden Center. The operating environment for leasing segment continues to be competitive in view of the increased

CHAIRMAN'S STATEMENT

supply in office and lower leasing income from retail spaces. Nonetheless, the Group managed to maintain a high average leasing occupancy rate for the Bund Center Office Tower at 85.4% in FY2017.

Hotel revenue remains at S\$66.2 million despite the weakening of Chinese Renminbi ("RMB"). In terms of RMB, hotel operations reported higher revenue of RMB324.5 million as compared to RMB318 million in the previous year. The hotel operations managed to achieve a higher average occupancy rate of 85.5% as against the previous financial year of 82.7% with a high average daily rate of RMB1,213 which is higher than the five-star hotel average in Shanghai, following the higher demand from increased tourist arrivals in Shanghai.

As at 31 December 2017, the Group reduced its total liabilities from S\$49.7 million to S\$48.4 million, which was mainly due to lower income tax payable as at the end of the year.

Cash and cash equivalents increased to S\$93.9 million as at 31 December 2017 mainly due to positive cash generated from operating activities, after payment for dividend during the financial year.

The stable cash inflows allow the Group to maintain a strong financial position and a high level of financial flexibility to seize opportunities when available.

OUTLOOK

The operating environment in China is expected to continue to be challenging. We will remain cautiously optimistic and will continue to enhance our competitiveness by enhancing our service level and improving our cost efficiency in the Group's business operation in office leasing, hotel and retail in China.

APPRECIATION

I wish to thank our shareholders, business associates, customers and community for the continued support, and express my appreciation to my fellow Board members, management and staff for their dedication and contribution toward the Group's sustainable growth.

OPERATIONS REVIEW

OFFICE

Bund Center Office Tower

The Bund Center Office Tower has continued to enjoy its prominent position as a city landmark and one of the best super grade A office buildings in Shanghai since 2002. With its location in the historically famous bund area (“the Bund”) or major central business district (“CBD”) in Puxi and offering the conveniences of the five-star Westin Bund Center Shanghai hotel, Bund Center Office Tower has always been recognised as one of the most prestigious office buildings serving world renowned multinational corporations.

In 2017, 14 renewal deals and 12 new deals were achieved; Hilton, United Law Firm, Guo Wei were among those leading tenants being successfully retained in Bund Center. With its magnificent crown rooftop, the building is also one of the tallest structures in the Bund skyline, offering international standard high-quality office space. The property management of the building is performed by Colliers International and the major tenants of the building include multi-national companies such as Deloitte Touche Tohmatsu, CMA, Saint Gobain, Mitsubishi, Herbert Smith, Pillsbury, Ausin Group, Norwegian Consulate and South African Consulate.

In spite of increasing office supply, Bund Center Office Tower has successfully achieved its average leasing rate at 85.4%, resulted from sustained demand from multinational and domestic companies for office space.

Facilities and services improvement remained as one of the most important objectives of the building operations and management. On the services aspect, the property management continues to make progress in areas such as the tenant moving-in-and-out process, faulty reporting center, tenant renovations, customer communication, relationship and services, car-park management system, upgraded indoor air quality system, staff cafeteria etc. Shuttle-bus and concierge service remain as the most recognizable features of all services in Bund Center. In addition, we have also increased substantially the number of short-term events and exhibitions in the lobby in collaboration with tenants’ business and promotion activities. The concierge counter continued to provide tenants and visitors premium services which are normally available in hotel.

The basement staff cafeteria and a new restaurant offering Japanese cuisine have also continued to support and uplift the corporate image of Bund Center, offering tenants a wide variety of affordable and convenient food options. All these upgrades have enriched the quality of our services and facilities provided, as well as given us a distinctive advantage over our competitors, hence boosting our presence and visibility amidst an increasing supply of office space in the corporate real estate leasing market.

On facilities aspect, the property management has adopted a more proactive approach in facilities up-keeping and maintenance to ensure Bund Center always look and feel new.

A. BOARD MATTERS

Principle 1: The Board’s Conduct of Affairs

Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the long-term success of the company. The Board works with Management to achieve this objective and the Management remains accountable to the Board.

1.1 The Board’s Role

The primary function of the Board of Directors of the Company (“Board”) is to provide effective leadership and direction to enhance the long-term value of the Group to its shareholders and other stakeholders. The Board has the responsibility to fulfil its role which includes the following:-

- (b) assessing major risk factors relating to the Company and its performance, and reviewing measures, including internal controls, to address and mitigate such risks;
- (c) reviewing and approving Management’s strategic and business plans, including developing a depth of knowledge of the business being served, understanding and questioning the assumptions upon which plans are based, and reaching an independent judgement as to the probability that the plans can be realised;
- (d) monitoring the performance of Management against plans and goals;
- (e) reviewing and approving significant corporate actions and major transactions;
- (f) assessing the effectiveness of the Board;
- (g) ensuring ethical behaviour (including ethical standards) and compliance with laws and regulations, auditing and accounting principles, and the Company’s own governing documents; and
- (h) performing such other functions as are prescribed by law, or assigned to the Board in the Company’s governing documents.

A majority of our Board members are non-executive. Of the 4 Non-executive Directors, 3 are Independent Directors making up more than one-third of the composition of the Board, thereby providing a strong and independent element on the Board. This is fundamental to good corporate governance as it facilitates the exercise of independent and objective judgement on corporate affairs. It also ensures discussion and review of key issues and strategies in a critical yet constructive manner.

1.3 Delegation of Duties by the Board

To assist the Board in the execution of its duties, the Board has delegated certain functions to the 3 Board Committees, namely, the AC, the NC and the RC. Each of these Board Committees has its own written terms of reference, which are approved by the Board. All Board Committees are chaired by a Non-executive Independent Director. Please refer to pages 23 to 32 of this report for further information on these Board Committees.

While the Board Committees have been delegated power to make decisions within the authority delegated to the respective committees, the ultimate responsibility for the decisions and actions rests with the Board as a whole.

CORPORATE GOVERNANCE REPORT

1.4 Key Features of Board Processes

To assist Directors in planning their attendance at meetings, the proposed dates of Board meetings, Board Committee meetings and shareholders' meetings together with agenda items, for each new calendar year are notified to all Board members before the start of that calendar year. In addition to regularly scheduled meetings, ad-hoc meetings are convened, if requested or if warranted by circumstances deemed appropriate by the Board. In between regularly scheduled meetings, matters that require the Board's approval and/or approval of the Board Committees are circulated to all Directors and/or respective Board Committee members, as the case may be, for their consideration and decision by way of circular resolutions, as provided in the Bye-laws of the Company ("Bye-laws") and the terms of reference of the respective Board Committees.

Board meetings are conducted in Singapore or overseas where participation by Board members by means of teleconference, videoconference or similar communication equipment is permitted under the Bye-laws. In 2017, the Board met 4 times, with the year-end meeting focusing on annual budget and strategic issues; the Board Committees met a total of 9 times; and 2 shareholders' meetings were held.

Matters specifically requiring the Board's approval are set out in the Company's Internal Guidelines, which include the following corporate events and actions:-

- approval of results announcements
- approval of annual report and financial statements
- dividend declaration/proposal
- convening of shareholders' meetings
- shares issuance
- material acquisitions and disposals of assets
- annual budgets
- interested person transactions
- corporate governance

All Directors are expected to objectively discharge their duties and responsibilities, in the interests of the Company. Directors are required to refrain from discussion and decision-making on any agenda item in which they have conflict of interest.

1.7 Board Orientation and Training for New Directors

Procedures are in place whereby newly appointed Directors will be provided with a formal appointment letter setting out the terms of appointment, general duties and obligations of a Director pursuant to the relevant legislations and regulations. They will also be given relevant governing documents of the Company and contact particulars of senior Management. Directors who do not have prior experience as a director of a Singapore listed company will be required to attend externally conducted training on the roles and responsibilities as a director of a listed company in Singapore.

Newly appointed Non-executive Directors who are not familiar with the Group's business may, upon recommendation of the Chairman or the NC, be provided with orientation through overseas trips and/or Management briefings and presentations, to familiarise them with the Group's operations. Management will also brief new Directors on the Group's business as well as governance practices.

1.8 2017 Director Training Programme

The NC reviews and makes recommendations on Directors' training which are arranged and funded by the Company. The Company has an annual training budget to fund any Director's participation/attendance at seminars and training programmes that are relevant to his / her duties as a Director.

In conformity with the framework for Directors' Training as approved by the Board, the 2017 Director Training Programme provided a 3-step approach to training as follows, through:-

- (1) Externally conducted courses on audit / financial reporting matters, risk management / sustainability reporting and other relevant topics subject to course availability
- (2) Quarterly management updates on operations and industry-specific trends and development
- (3) Quarterly continuing education on regulatory changes and updates, including extraction of case studies on corporate governance, and External Auditors briefings to AC members on changes to accounting standards and issues

CORPORATE GOVERNANCE REPORT

Directors having attended external courses / seminars, in turn shared their take-aways and knowledge with fellow Directors at the next Board meeting. Seminars attended in 2017 include the following:

- Audit Committee Seminar 2017: Rising Above Complexities – What Audit Committees Should Consider
- SID Corporate Governance Roundup 2017

Principle 2: Board Composition and Guidance

There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from Management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the Board's decision making.

2.1 Board Size and Composition

Each year, the Board examines its size, composition, skills and core competencies of its members to ensure an appropriate balance and diversity of skills, experience, knowledge and gender. The Board comprises Directors from different industries and background, with business and management experience, knowledge and expertise that collectively as a group provide the core competencies for the leadership of the Company. Currently, the Board includes one female Director. The Company has no alternate Directors on its Board.

Taking into account the scope and nature of operations of the Group, the Board considers that the current composition mix and board size is appropriate to facilitate effective decision making at meetings of the Board and Board committees.

Please refer to pages 6 to 9 of this Annual Report for key information, including qualifications, on the Directors of the Company.

2.2 Directors' Independence Review

The ensuing paragraphs set out the criteria and processes to determine a Director's independence.

The Board has adopted guidelines set out in the 2012 Code on relationships, the existence of which, would deem a Director not to be independent. A Director who has no relationship with the Company, its related corporations, officers or its shareholders with shareholdings of 10% or more in the voting shares of the Company that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgement in the best interests of the Company, is considered to be independent.

The NC is tasked to determine on an annual basis and, as and when the circumstances require, whether or not a Director is independent, bearing in mind the 2012 Code and any other salient factor which would render a Director to be deemed not independent. For the purpose of determining independence, each Director is required to complete a self-declaration checklist, at the time of appointment and annually, based on these guidelines.

Having conducted the relevant reviews, the NC / Board has considered that the following Directors are regarded as Independent Directors of the Company:-

Mr. Lim Jun Xiong, Steven

Mr. David Yeow

Mr. Willy Shee Ping Yah @ Shee Ping Yan

CORPORATE GOVERNANCE REPORT

None of the Independent Directors has served on the Board for more than 9 years.

Each Independent Director has abstained from the NC / Board's determination of his independence.

2.3 Non-executive Directors

Non-executive Directors are encouraged, in line with corporate governance practice, to participate actively at Board meetings and constructively challenge and help develop proposals on strategy; to review the performance of Management in meeting agreed goals and objectives; to monitor the reporting of performance; and to meet regularly without the presence of Management.

The Non-executive Independent Directors, including the Lead Independent Director, meet and/or hold discussions at least annually without the presence of other Executive Directors, Non-independent Directors and Management.

Principle 3: Chairman and Chief Executive Officer

There should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the company's business. No one individual should represent a considerable concentration of power.

3.1 Chairman and CEO

Our Chairman and CEO is Mr. Frankle (Djafar) Widjaja. We believe that the Independent Directors have demonstrated a high commitment in their roles as Directors and have ensured that there is a good balance of power and authority.

The Chairman is responsible for:-

- (a) leading the Board to ensure its effectiveness on all aspects of its role;
- (b) setting the agenda and ensuring that adequate time is available for discussion of all agenda items, in particular strategic issues;
- (c) ensuring that the Directors receive complete, adequate and timely information;
- (d) ensuring effective communication with shareholders;
- (e) encouraging constructive relations within the Board and between the Board and Management;
- (f) facilitating the effective contribution of non-executive Directors in particular; and
- (g) promoting high standards of corporate governance.

3.2 Lead Independent Director

In view that the Chairman and CEO positions are being held by the same person, the AC Chairman, Mr. Lim Jun Xiong, Steven acts as the Lead Independent Director, whom shareholders with concerns may contact, care of the company secretary, when contact through the normal channels has failed to resolve or is inappropriate.

CORPORATE GOVERNANCE REPORT

Principle 4: Board Membership

There should be a formal and transparent process for the appointment and re-appointment of directors to the Board.

4.1 Nominating Committee Composition and Role

The NC comprises the following 4 Directors, 3 of whom, including the NC Chairman, are Non-executive Independent Directors:-

Willy Shee Ping Yah @ Shee Ping Yan (NC Chairman)
 Lim Jun Xiong, Steven
 David Yeow
 Franky Oesman Widjaja

The NC's role and responsibilities are described in its terms of reference. The NC is primarily responsible for:-

- (a) reviewing and recommending the nomination or re-nomination of the Directors, having regard to each Director's contribution and performance;
- (b) determining annually whether or not a Director is independent;
- (c) deciding whether or not a Director is able to and has been adequately carrying out his/her duties as a Director;
- (d) in respect of a Director who has multiple board representations on various companies, to review and decide whether or not such Director is able to and has been adequately carrying out his / her duties as Director, having regard to the competing time commitments that are faced by the Director when serving on multiple boards;
- (e) making recommendations to the Board regarding training and professional development programmes for the Board; and
- (f) reviewing and approving any new employment of related persons and the proposed terms of their employment.

4.2 Process for Selection and Appointment, Re-appointment of Directors

All new Board appointments are considered, reviewed and recommended by the NC first, before being brought up to the Board for approval. Potential candidates to fill casual vacancies or as an additional Director are sourced with recommendations from Directors, Management or external consultants. The NC then evaluates the suitability of potential candidates for the position taking into account, *inter alia*, the candidate's age, gender, knowledge, skills, experience and ability to contribute to the Board's effectiveness. Upon the NC's recommendation, the Board approves the new appointment. In the event that the membership of the NC falls below the minimum number of 3 members, it shall be dissolved, and any new nominations are channeled directly to the Board for approval after which the NC is reconstituted with the requisite number of members.

Pursuant to the Bye-laws, each Director including the CEO, shall retire at least once every 3 years and a retiring Director shall be eligible for re-election at the AGM. In addition, any Director appointed by the Board shall retire at the next AGM and shall then be eligible for re-election at that meeting.

CORPORATE GOVERNANCE REPORT

This year, the 2 Directors retiring from office by rotation at the upcoming 2018 AGM under Bye-law 86 of the Bye-laws are Mr. Frankle (Djafar) Widjaja and Mr. David Yeow.

Mr. Frankle (Djafar) Widjaja, being eligible, has offered himself for re-election as a Director at the 2018 AGM, and the NC has recommended his re-election. In its deliberation on the re-election of retiring Directors who have offered themselves for re-election, the NC takes into consideration the Director's attendance, participation, contribution and performance during the past year.

Mr. David Yeow will not be seeking re-election as a Director at the 2018 AGM, and the NC has accepted his decision. Accordingly, pursuant to Bye-law 86 of the Bye-laws, he shall retire as a Director at the conclusion of the 2018 AGM.

The Board accepts the decision of Mr. David Yeow, who has served as a Director of the Company for over 8 years, and wishes to thank Mr. Yeow for his valuable contributions and dedicated service to the Company. The Company is currently processing the appointment of new Director(s).

4.3 Directors' Time Commitments and Multiple Directorships

It is recommended under the 2012 Code that the Board considers providing guidance on the maximum number of listed company representations which each Director of the Company may hold in order to address competing time commitments faced by Directors serving on multiple boards. The Board believes that each Director, when accepting new appointments or who already sit on multiple boards, has the individual responsibility to personally determine the demands of his or her competing directorships and obligations, and ensure that he / she can allocate sufficient time and attention to the affairs of each company. The Board is of the view that setting a numerical limit on the number of listed company directorships that a Director may hold is arbitrary, given that time requirements for each person vary, and therefore prefers not to be prescriptive, currently. As a safeguard, the NC will review annually each Director's ability to devote sufficient time and attention to the affairs of the Company. The NC is satisfied with the time committed by each Director to attend meetings.

Currently, the maximum number of directorships in other Singapore listed company(ies) held by an Independent Director is 3, and that held by an Executive Director is 1 (excluding the Company).

Principle 5: Board Performance

There should be a formal annual assessment of the effectiveness of the Board as a whole and its board committees and the contribution by each director to the effectiveness of the Board.

5.1 Board Evaluation Process

The NC is tasked to carry out the processes as implemented by the Board for the purpose of assessing the effectiveness of the Board as a whole and for assessing the contribution by each individual Director to the effectiveness of the Board on an annual basis.

The Company has in place a system to assess the effectiveness / performance of the Board and acts, where appropriate, on feedback from Board members, on improvements.

During the evaluation process, each Director is required to complete the respective forms for self-assessment as well as for assessment of the Board's performance, based on the pre-determined approved performance criteria.

The Board considers the current assessment of the Board and individual Director as being sufficient for the Company, and to be excessive if additional assessments of 3 Board Committees and Chairman are introduced.

CORPORATE GOVERNANCE REPORT

Principle 6: Access to Information

In order to fulfil their responsibilities, directors should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

6.1 Complete, Adequate and Timely Information

In order to ensure that the Board is able to fulfill its responsibilities, Management provides the Board with complete and adequate information in a timely manner. Such information extends to documents on matters to be brought up at Board meetings which, as a standard procedure, are circulated and posted on a Board portal for Board members in advance for their review and consideration. Senior Management and other professionals who can provide additional insights into the matters to be discussed at Board meetings are also invited to be present at these meetings, where relevant. As Directors may have further queries on the information provided, they have separate and independent access to the Company's senior Management who accordingly addresses individual Director's request for additional information / documents.

Management provides the Board with financial statements and management reports of the Group on a quarterly basis, and upon request as and when required. Explanations are given by Management for material variance (if any) between any projections in the budget and actual results.

6.2 Company Secretary

The Directors may separately and independently contact the company secretary, who attends and prepares minutes for all Board meetings. The company secretary's role is defined which includes responsibility for ensuring that board procedures are followed and that applicable rules and regulations are complied with.

The appointment and the removal of the company secretary are matters requiring the Board's approval.

6.3 Independent Professional Advice

The process is in place whereby the Directors, either individually or as a group, in the furtherance of their duties, require professional advice, the company secretary can assist them in obtaining independent professional advice, at the Company's expense.

CORPORATE GOVERNANCE REPORT

B. REMUNERATION MATTERS

Principle 7: Procedures for Developing Remuneration Policies

There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

Principle 8: Level and Mix of Remuneration

The level and structure of remuneration should be aligned with the long-term interest and risk policies of the company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.

7.1 Remuneration Committee Composition and Role

The RC comprises 4 Directors, a majority of whom, including the RC chairman, are Independent Directors. All members of the RC are Non-executive Directors as follows:-

David Yeow (RC Chairman)
 Willy Shee Ping Yah @ Shee Ping Yan
 Lim Jun Xiong, Steven
 Franky Oesman Widjaja

The RC has written terms of reference that describes its roles and responsibilities. The duties of the RC include recommending to the Board for approval, the following:-

- (a) a framework of remuneration for the Board and key management personnel;
- (b) the specific remuneration packages for each Director and key management personnel; and
- (c) the Company's obligations arising in the event of termination of Executive Directors and key management personnel's contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.

During its annual review of remuneration of Directors and key management personnel, the RC may seek advice from external remuneration consultants as and when it deems necessary.

None of the members of the RC is involved in deliberations in respect of any remuneration, fee, compensation, incentives or any form of benefits to be granted to him.

7.2 Long-Term Incentive Schemes

Currently, the Company does not have long-term incentive schemes, including share schemes.

CORPORATE GOVERNANCE REPORT

8.1 Remuneration of Executive Directors and Key Management Personnel

In designing the compensation structure, the Company seeks to ensure that the level and mix of remuneration is competitive, relevant and appropriate.

The remuneration structure for Executive Directors and key management personnel consists of (a) fixed remuneration, (b) variable bonus and/or (c) other benefits. Executive Directors do not receive Directors' fees.

The level of remuneration is determined by various factors including performance of the Group, industry practices and the individual's performance and contributions towards achievement of corporate objectives and targets.

Payments are made based on the extent of the individual's achievement of performance conditions for the year under review.

- 8.1.1 The use and application of clawback provisions in remuneration contracts of Executive Directors and key management personnel is subject to further consideration by the Company.

8.2 Remuneration of Non-Executive Directors

8.2.1 Non-Executive Independent Directors

Non-executive Independent Directors receive Directors' fees, which are subject to shareholders' approval at AGMs ("Directors' Fees").

Directors' Fees are determined based on a scale of fees comprising a base fee, and fee as AC Chairman, AC member, RC Chairman, RC member, NC Chairman, and NC member.

Additional fee is paid to the Independent Director appointed to the board of the overseas principal subsidiary.

The level of Directors' Fees is reviewed annually by the RC and/or the Board, during which factors such as contributions, regulatory changes and responsibilities and market benchmarks are taken into consideration.

The RC, with the concurrence of the Board, has recommended that an amount of S\$272,000 as Directors' Fees be paid to the Non-executive Independent Directors for the financial year ended 31 December 2017. These fees will be tabled for shareholders' approval at the 2018 AGM.

8.2.2 Non-Executive Director

No remuneration was paid to the Non-executive Director, Mr. Franky Oesman Widjaja, during the year. He also does not receive Directors' Fees.

CORPORATE GOVERNANCE REPORT

Principle 9: Disclosure on Remuneration

Every company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration, in the company's Annual Report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.

9.1 Directors' Remuneration

The Directors' remuneration for the year ended 31 December 2017 in bands of S\$250,000 is set out in the table below:-

Name of Directors	Fixed Salary	Bonus paid or payable/Benefit	Directors' Fees	Total
Executive Directors				
S\$1,500,000 to below S\$1,750,000				
Frankle (Djafar) Widjaja	63.8%	36.2%	–	100%
S\$500,000 to below S\$750,000				
Chew Yow Foo	72.0%	28.0%	–	100%
S\$250,000 to below S\$500,000				
Deborah Widjaja	68.0%	32.0%	–	100%
Non-Executive Independent Directors				
Below S\$250,000				
Lim Jun Xiong, Steven	–	–	100%	100%
David Yeow	–	–	100%	100%
Willy Shee Ping Yah @ Shee Ping Yan	–	–	100%	100%
Non-Executive Director				
Nil				
Franky Oesman Widjaja	–	–	–	–

Variable bonus is based on performance in the same financial year.

Each Director's remuneration is expressed in bands of S\$250,000 rather than to the nearest dollar, given that remuneration continues to be a sensitive subject, to the extent that it may encourage inappropriate and out of context peer comparisons and lead to discontent. The Company believes that the current format of disclosure in bands of S\$250,000 with a percentage breakdown, is sufficient indication, for the time being, of each Director's remuneration package.

CORPORATE GOVERNANCE REPORT

9.2 Remuneration of Top 5 Key Management Personnel

The top 5 key management personnel of the Group (in alphabetical order) who are not Directors of the Company ("KMP") for the year ended 31 December 2017 and their remuneration falling in bands of S\$250,000, are as follows:-

Carolyn Wu Hong
Gregory Findlay
Hor Chai Yuen
Miriam Wolber
Thomas Rappl

Remuneration Band	Number of KMP
S\$500,000 to below S\$750,000	1
Below S\$250,000	4

The total remuneration paid to the top 5 KMP for the year ended 31 December 2017 amounted to S\$1,358,286.

The Company, having taken into account the relevant personnel's comments and sentiments and determination that their remuneration is not out of line when compared with the market range, believes that it is not in the Group's interest to disclose the above remuneration to the full extent recommended, due to the persistent sensitivity and confidentiality surrounding the issue of remuneration and, moreover, such disclosure may encourage inappropriate and out of context peer comparisons and discontent, and may, in certain cases, also hamper the Group's ability to retain its talent pool in a competitive environment.

9.3 Remuneration of employees who are immediate family members of a Director/CEO

The remuneration of employees who are immediate family members of the CEO, and whose remuneration exceeds S\$50,000 for the year ended 31 December 2017, is as follows:-

Remuneration Band	Name of Employee	Relationship
S\$100,000 to below S\$150,000	Jehny Susanty	Spouse

Mr. Frankle (Djafar) Widjaja and Mr. Franky Oesman Widjaja are brothers. Ms. Deborah Widjaja is the daughter of Mr. Frankle (Djafar) Widjaja. Other than disclosed above, none of the Directors had immediate family members who were employees and whose remuneration exceeded S\$50,000 for the year ended 31 December 2017.

C. ACCOUNTABILITY AND AUDIT

Principle 10: Accountability

The Board should present a balanced and understandable assessment of the company's performance, position and prospects.

10.1 Accountability

The Board reviews and approves the results announcements before each release. In presenting the quarterly and annual financial statements to shareholders, the Board aims to provide shareholders with a balanced and clear assessment of the Company's performance, position and prospects.

CORPORATE GOVERNANCE REPORT

For the financial year under review, the CEO and the CFO have provided assurance to the Board on the integrity of the financial statements of the Company and its subsidiaries. For interim financial statements, the Board provided a negative assurance confirmation to shareholders.

Principle 13: Internal Audit

The company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.

13.1 Internal Audit

The Company has established an in-house internal audit function.

The Head of Internal Audit's primary reporting line is to the AC chairman, with an administrative line of reporting to the CEO. The Head of Internal Audit has met the standards set by nationally or internationally recognized professional bodies including the Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The role of the internal auditors is to assist the AC to ensure that the Company maintains a sound system of internal controls.

The AC approves the hiring and removal of the Head of Internal Audit and ensures that the internal audit function is adequately staffed and has appropriate standing within the Company. It also ensures the adequacy of the internal audit function.

The annual internal audit plan is established in consultation with, but independent of, Management, and is reviewed and approved by the AC. At AC meetings, the AC reviews and discusses with Management, internal audit findings, recommendations and status of remediation.

Principle 12: Audit Committee

The Board should establish an Audit Committee with written terms of reference which clearly set out its authority and duties.

12.1 Audit Committee Composition and Role

The AC comprises the following 3 Directors, all of whom, including the AC Chairman, are Non-executive Independent Directors:-

Lim Jun Xiong, Steven	(AC Chairman)
David Yeow	
Willy Shee Ping Yah @ Shee Ping Yan	

The Board considers that the members of the AC are appropriately qualified to discharge the responsibilities of the AC. None of the members of the AC were previous partners or directors of our external auditors, Moore Stephens LLP, and none of the members of the AC hold any financial interest in Moore Stephens LLP.

CORPORATE GOVERNANCE REPORT

The AC's roles and responsibilities are described in its terms of reference. The AC has the explicit authority to investigate any matter within its terms of reference. In addition, the AC has full access to and co-operation of Management and full discretion to invite any Director or executive officer to attend its meetings. Reasonable resources are made available to enable the AC to discharge its functions properly.

The duties of the AC include the following:-

- (a) reviewing the audit plans of the Company's internal and external auditors, their evaluation of the system of internal controls, their audit reports, their management letter and our management's response;
- (b) reviewing the co-operation given by our Company's management to the external auditors;
- (c) considering and recommending the appointment or re-appointment of the Company's external auditors and matters relating to resignation or dismissal of auditors;
- (d) considering the appointment or re-appointment of an internal auditor or compliance adviser;
- (e) reviewing the financial statements of the Company and the Group before submission to the Board for approval, focusing in particular, on changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, the going concern statement, compliance with accounting standards as well as compliance with the Listing Manual and any other relevant statutory/regulatory requirements;
- (f) reviewing interested person transactions (if any);
- (g) reviewing potential conflicts of interests (if any) and to set out a framework to resolve or mitigate any potential conflict of interests;
- (h) undertaking such other reviews as may be requested by the Board, and reporting to the Board its findings from time to time on matters arising and requiring the attention of the AC;
- (i) reviewing the internal controls and procedures and ensure co-ordination between the external auditors and management, reviewing the assistance given by management to the auditors, and discussing problems and concerns, if any, arising from interim and final audits, and any matters which the auditors may wish to discuss (in the absence of the management where necessary);
- (j) generally undertaking such other functions and duties as may be required by statute, regulations or the SGX-ST Listing Manual, or by such amendments as may be made thereto from time to time;
- (k) reviewing arrangements by which staff may, in confidence, raise concerns about possible improprieties in matters of financial reporting and ensuring that arrangements are in place for the independent investigations of such matter and for appropriate follow-up; and
- (l) conducting periodic review of foreign exchange transactions and hedging policies (if any) undertaken by the Group.

Apart from the above functions, the AC will commission and review the findings of internal investigations into matters where there is suspicion of fraud or irregularity, or failure of internal controls or infringement of any law, rule or regulation, which has or is likely to have a material impact on the Company's operating results and/or financial position.

The AC reviews with Management, and where relevant, the auditors, the results announcements, annual report and financial statements, interested person transactions and corporate governance, before submission to the Board for approval or adoption.

CORPORATE GOVERNANCE REPORT

In performing its functions, the AC meets with the internal auditors and external auditors, and reviews the audit plans and overall scope of both internal and external audits, and the co-operation and assistance given by Management to the respective auditors. Where necessary, the AC also meets with the internal auditors and external auditors whereby any issues may be raised directly with the AC, without the presence of Management. The internal and external auditors have unfettered access to the AC.

In its review of the financial statements of the Group for FY2017 (“FY2017 Financial Statements”), the AC has discussed with external auditors and Management on matters of significance which are included under “Key Audit Matters” in the Independent Auditors’ Report. The AC is satisfied that those matters ie. revenue recognition and valuation of properties have been appropriately addressed. The AC recommended to the Board to approve the audited FY2017 Financial Statements. The Board has on 12 March 2018 approved the FY2017 Financial Statements.

12.2 Auditor Independence

Taking cognizance that the external auditors should be free from any business or other relationships with the Group that could materially interfere with their ability to act with integrity and objectivity, the AC undertook a review of the independence of the external auditors, Moore Stephens LLP. During this process, the AC also reviews all non-audit services provided by the external auditors to satisfy itself that the nature and extent of such non-audit services would not affect their independence. The external auditors did not provide any non-audit services to the Group during the financial year ended 31 December 2017.

The AC has recommended to the Board that the external auditors be nominated for re-appointment at the 2018 AGM.

In appointing the audit firms for the Group, the AC is satisfied that the Company has complied with Rules 712 and 715 of the Listing Manual.

12.3 Whistle-Blowing Procedures

The Board is committed to uphold the Company’s values and standards, and has put in place whistle-blowing procedures by which staff may, in confidence, raise concerns or complaints about possible improprieties relating to matters of financial reporting or other matters.

Under these procedures, the AC may, if it deems appropriate, engage appropriate external independent advisors, at the Company’s expense.

The Company is committed to treat all complaints as confidential, and the anonymity of the whistle-blower concerned will be maintained until the whistle-blower indicated that he or she does not wish to remain anonymous.

12.4 Annual Confirmation on Procedures relating to Rights of First Refusal (“ROFR”)

In accordance with paragraph 4.2 of the circular dated 12 November 2014 (“Circular”) to shareholders of the Company, the AC confirms that no ROFR (details of which are set out in the Circular) has been granted to and/or exercised by Sinarmas Land Limited and the Company during the financial year from 1 January 2017 to 31 December 2017.

CORPORATE GOVERNANCE REPORT

Principle 11: Risk Management and Internal Controls

The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.

11.1 Responsibilities for Risk Management and Internal Controls

The Board, with assistance from the Enterprise Risk Management Committee ("ERMC") and the AC, is responsible for the governance of risk by ensuring that Management maintains a system of risk and internal controls, including financial, operational, compliance and information technology controls, to safeguard shareholders' interests and the Group's assets, and determines the nature and extent of the significant risks which the Board is willing to take in achieving strategic objectives.

11.2 The ERMC

The ERMC, comprising the following members during the year under review, was formed in 2013 to assist Management in its role of managing risks, as part of the Group's efforts to strengthen its risk management processes and framework:-

Mr. Frankle (Djafar) Widjaja	–	Executive Chairman and CEO
Ms. Deborah Widjaja	–	Executive Director and Deputy CEO
Mr. Chew Yow Foo	–	Executive Director and CFO
Mr. Gregory Findlay	–	General Manager, Westin Bund Center
Mr. Lai Foong Nin	–	Head of Internal Audit (Monitoring Function)

11.3 ERM Processes

The integrated ERM process of the Group has covered a comprehensive reporting system that would ensure, *inter alia*, the Board fulfilling its reporting obligations with regards to Principle 11 of the 2012 Code relating to risk management and internal controls.

To ensure that the Group's internal controls and risk management systems and processes are in place and adequate and effective, the following has been executed during the ERM implementation:

- (a) performed an analysis to identify and prioritize the Group's critical risk management activities;
- (b) rolled out time frame and plan to manage these Group existing risk management activities; and
- (c) reviews conducted by the external auditors, internal auditors and the ERMC.

11.4 Assurance from the CEO and the CFO

The Board has received assurance from the CEO and the CFO that:-

- (a) the financial records of the Group for the financial year ended 31 December 2017 have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances in accordance with the applicable financial reporting framework that are free from material misstatement; and

CORPORATE GOVERNANCE REPORT

- (b) the internal financial controls, operational, information technology and compliance controls, and risk management policies and systems established by the management of the Group for the financial year ended 31 December 2017 were adequate and effective, based on the internal audit activities conducted in 2017.

The CEO and CFO have obtained similar assurance from the business heads in the Group.

11.5 Opinion on Adequacy and Effectiveness of Internal Control and Risk Management System

The AC is responsible for making the necessary recommendations to the Board such that the Board may make an opinion regarding the adequacy and effectiveness of the risk management and internal control systems of the Group. In this regard, the AC is assisted by the external auditors, internal auditors and the ERM.

The AC has reviewed the Company's key financial risk areas and noted that save for the exchange rate differences, the Group has not entered into any financial contracts which will give rise to significant financial risks. Please refer to paragraph 7 on page 39 of the Financial Report.

The Board is satisfied that there is appropriate and adequate review by the AC of the adequacy and effectiveness of the Company's internal controls, including financial, operational and compliance and information technology controls, and risk management policies and systems established by Management. In its review, the AC had been assisted by the external auditors and the internal auditors, and this review is conducted at least once every year.

During the course of the audit, the external auditors carried out a review of the adequacy and effectiveness of the Group's material internal controls, including financial, operational, compliance and information technology controls to the extent of their scope as laid out in their audit plan. Material non-compliance and internal control weaknesses noted during their audit are reported to the AC together with their recommendations.

In addition, based on the ERM framework established and maintained, the work performed by the ERM and the internal audit function as well as the assurance received from the CEO and the CFO, the Board with the concurrence of the AC, is of the opinion that the Group's internal controls including financial, operational, compliance and information technology controls, and risk management systems, were adequate and effective as at 31 December 2017 to meet the needs of the Group in its current business environment.

The Board notes that the Company's system of internal controls and risk management provide reasonable, but not absolute, assurance that the Group will not be adversely affected by any event that can be reasonably foreseen. Furthermore, the Board also acknowledge that no system of internal controls and risk management can provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgement in decision-making, human error, losses, fraud or other irregularities.

CORPORATE GOVERNANCE REPORT

D. SHAREHOLDER RIGHTS AND RESPONSIBILITIES

Principle 14: Shareholder Rights

Companies should treat all shareholders fairly and equitably, and should recognize, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.

14.1 Shareholder Rights

The Company recognizes the importance of maintaining transparency and accountability to its shareholders. The Board ensures that the Company's shareholders are treated fairly and equitably, and their rights are protected.

The Company is committed to providing shareholders with adequate, timely and sufficient information pertaining to the Group's business which could have a material impact on the Company's share price.

All shareholders of the Company are entitled to attend and vote at general meetings in person or by proxy. Shareholders also receive the annual reports of the Company and notices of general meetings, which are also advertised in the newspapers and released via SGXNET.

Principle 15: Communication with Shareholders

Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

15.1 Communication with Shareholders

Shareholders are kept informed of corporate developments by announcements and annual reports posted on the SGX website. General information on the Group may also be found on the Company's website.

The Company announces its results on a quarterly basis. The Company does not practice selective disclosure of material information. In line with continuous disclosure obligations of the Company under the Listing Manual, the Company conveys material information and its quarterly financial results through announcements made via SGXNET. Results announcements and annual reports are announced or issued within the specified / stipulated period.

The current situation does not warrant it nor is it cost effective for having a dedicated investor relations personnel or team. Nonetheless, the Executive Directors and Management of the Company remain open to address queries of shareholders and other stakeholders on the Group's operations and related corporate actions. The Directors meet with shareholders at least annually at the AGM.

15.2 Dividend Policy

Based on Management recommendations, the Directors determine on a quarterly basis the amount, if any, of dividends to be declared taking into account all relevant factors. Any payouts will be clearly communicated to shareholders via announcements posted on SGXNET.

An interim dividend of S\$0.02 per ordinary share with a par value of US\$0.10 each for the financial year ended 31 December 2017 was declared and paid on 4 December 2017.

CORPORATE GOVERNANCE REPORT

Principle 16: Conduct of Shareholder Meetings

Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

16.1 Conduct of Shareholder Meetings

During the AGMs which are held in Singapore, shareholders are given the opportunity to express their views and to engage the Board and Management on the Group's business activities and financial performance. Directors are encouraged to attend shareholders' meetings. In particular, members of the AC, NC and RC and the external auditors are asked to be present to address questions at such meetings.

In 2017, the Bye-laws was amended to allow relevant intermediaries to appoint more than two proxies to attend and vote at shareholders' meetings.

At shareholders' meetings, each distinct issue is proposed as a separate resolution. Absentia voting methods are currently not permitted, as the authentication of shareholder identity information and other related integrity issues still remain a concern.

In support of greater transparency and to allow for a more efficient voting process, the Company has been conducting electronic poll voting instead of voting by show of hands since the 2013 AGM. With electronic poll voting, shareholders present in person or represented by proxy at the meeting will be entitled to vote on a 'one-share, one-vote' basis. The voting results of all votes cast for and against and the respective percentages, in respect of each resolution, will be instantly displayed on-screen at the meeting. The detailed breakdown of results showing the total number of votes cast for and against each resolution and the respective percentages would be announced after the AGM via SGXNET.

Dealings in Securities

The Company complies with Rule 1207(19) of the Listing Manual on dealings in securities, and has devised and adopted its own internal compliance code to provide guidance with regard to dealings in the Company's securities by the Company, its Directors and officers, including the prohibition on dealings in the Company's securities on short-term considerations.

Dealings in the Company's securities are prohibited during the period commencing (i) two weeks before announcement of the Company's first, second and third quarter results and (ii) one month before the announcement of the Company's full year results, and ending on the date of the announcement of the results. Such dealings in the securities of the Company as well as securities of other listed companies are also prohibited whilst in possession of unpublished material price-sensitive information in relation to those securities.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BUND CENTER INVESTMENT LTD

Opinion

We have audited the financial statements of Bund Center Investment Ltd (the "Company") and its subsidiaries (the "Group"), which comprise the statements of financial position of the Group and the Company as at 31 December 2017, and the consolidated income statement, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2017 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	How our audit addressed the key audit matters
<p>Revenue recognition</p> <p>We refer to Notes 3(n) and 6 to the financial statements.</p> <p>The Group is principally engaged as a hotel owner and property owner and its revenue comprises hotel revenue and property leasing income.</p> <p>This is a key audit matter as revenue is an important measure used to evaluate the performance of the Group. There is a risk that revenue is presented for amounts higher than what has been actually generated by the Group.</p>	<p><u>Our response:</u></p> <p>We reviewed the Group's control environment on the revenue cycle and performed tests of controls and tests of details on a sample basis for hotel revenue and property leasing income. We performed analytical review procedures and enquired with management for any significant or unusual fluctuations noted. We also tested a sample of journal vouchers for any unusual adjustments made to the revenue account. We tested revenue to be recognised in the relevant accounting period by performing cut-off tests at the year end.</p> <p><u>Our findings:</u></p> <p>We found the Group's revenue recognition to be consistent with its accounting policies and in accordance with IAS 18 Revenue. We are satisfied that the Group's revenue has been appropriately recognised and in the relevant accounting period.</p>

<u>Key Audit Matters</u>	<u>How our audit addressed the key audit matters</u>
<p>Valuation of properties</p> <p>We refer to Notes 3(f), 3(g), 16 and 17 to the financial statements.</p> <p>The Group's properties, comprising investment properties of S\$212.5 million and leasehold land and buildings of S\$163.1 million under property, plant and equipment, accounted for 77.3% of the Group's total assets as at 31 December 2017. Management reviews for any indicators of impairment on its properties at year end. An impairment exists when the carrying amount of the properties is higher than its recoverable amount, which is the higher of fair value less cost of disposal and value in use.</p> <p>This is a key audit matter as the assessment of indicators of impairment and where such indicators exist, the determination of the recoverable amount, require significant management judgement.</p>	<p><u>Our response:</u></p> <p>We evaluated management's assessment on impairment indications, including a detailed discussion with the Group's key management and corroborating to evidential materials in support of the management's assessment.</p> <p><u>Our findings:</u></p> <p>We found management's assessment on impairment indications for the Group's properties to be appropriate. The independent valuations for the fair value of the Group's properties to evaluate the recoverable amount of the properties is also within a reasonable range.</p>

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BUND CENTER INVESTMENT LTD

(cont'd)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Ms Lao Mei Leng.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2017

1 General Information

Bund Center Investment Ltd (the “Company”) is listed on the Singapore Exchange and is incorporated on 5 August 2009 in Bermuda under the Companies Act 1981 of Bermuda as an exempted company with limited liability.

The registered office of the Company is at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda and the principal places of business of the Group are located at Shanghai and Ningbo, the People’s Republic of China (“PRC”). The Company is principally engaged as an investment holding company. Details of the principal activities of the subsidiaries are set out in Note 15 to the financial statements. The controlling shareholders of the Company comprise certain members of the Widjaja Family.

The statement of financial position of the Company and the consolidated financial statements of the Group as at and for the financial year ended 31 December 2017 were authorised for issue by the Board of Directors on 12 March 2018.

2 Application of New/Revised International Financial Reporting Standards (“IFRSs”) Issued

(a) IFRSs effective for annual period beginning on or after 1 January 2017

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group and the Company have adopted all amendments to IFRSs issued by the International Accounting Standards Board (“IASB”) that are relevant to its operations and effective for annual periods beginning on 1 January 2017. The adoption of these amendments has had no financial effect on the financial performance of the Group or the financial positions of the Group and of the Company.

(b) New/Revised IFRSs issued but not yet effective

As at the date of these financial statements, the following new and revised IFRSs that are relevant to the Group’s and the Company’s operations have been issued but are not yet effective:

Description	Effective date for annual period beginning on or after
IFRS 9, <i>Financial Instruments</i>	1 January 2018
IFRS 15, <i>Revenue from Contracts with Customers</i>	1 January 2018
IFRS 16, <i>Leases</i>	1 January 2019
<i>Improvements to IFRSs (2017)</i>	
Amendments to IAS 12, <i>Income Taxes</i>	1 January 2019

Except as disclosed below, the directors of the Company expect the adoption of the new and revised IFRSs above will have no material impact on the financial performance of the Group and the financial positions of the Group and of the Company in the period of initial application.

IFRS 9, *Financial Instruments*

IFRS 9 sets out the requirements for recognising and measuring financial assets, financial liabilities and some contract to buy and sell non-financial items. This standard replaces IAS 39, *Financial Instruments: Recognition and Measurement*.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2017

2 Application of New/Revised International Financial Reporting Standards (“IFRSs”) Issued (cont’d)

(b) New/Revised IFRSs issued but not yet effective (cont’d)

IFRS 9, Financial Instruments (cont’d)

IFRS 9 changes the classification and measurement approach for financial assets to reflect the business model in which assets are managed and their cash flow characteristics. It contains three principal classification categories for financial assets: measured at amortised cost, fair value through other comprehensive income and fair value through profit or loss and eliminates the existing IAS 39 categories of held to maturity, loan and receivables and available for sale. Based on its assessment, the Group does not expect that the new classification requirements will have a material impacts on its accounting for its trade and other receivables, cash and cash equivalents and investments in quoted fund that are managed on a fair value basis.

IFRS 9 also introduces a three-stage impairment model that will impair financial assets based on expected losses regardless of whether objective indicators of impairment have occurred. The Group plans to apply the simplified approach and record lifetime expected credit loss on all trade receivables and is currently finalising the testing of its expected loss model and the quantum of the final transition adjustments. Based on its assessment, the Group does not expect that the new impairment requirements will result in significant impairment loss recognised.

IFRS 9 largely retains the existing requirements in IAS 39 for the classification of financial liabilities. It also provides a simplified hedge accounting model that will align more closely with companies’ risk management strategies. The adoption of IFRS 9 has not had significant effect on Group’s accounting policies for financial liabilities.

IFRS 16, Leases

IFRS 16 sets out a revised framework for the recognition, measurement, presentation and disclosure of leases, and replaces IAS 17 *Leases*, IFRIC 4 *Determining whether an Arrangement contains a Lease*, SIC-15 *Operating Leases – Incentives*; and SIC-27 *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*. IFRS 16 requires lessees to recognise right-of-use assets and lease liabilities for all leases with a term of more than 12 months, except where the underlying asset is of low value. The right-of-use asset is depreciated and interest expense is recognised on the lease liability. The accounting requirements for lessors have not been changed substantially, and continue to be based on classification as operating and finance leases. Disclosure requirements have been enhanced for both lessors and lessees.

The Group is currently assessing the impact of IFRS 16 on the financial performance of the Group and the financial positions of the Group and of the Company and plans to adopt this standard on the required effective date.

3 Summary of Significant Accounting Policies

(a) Basis of Preparation

The financial statements are prepared on the historical cost basis, except as disclosed in the accounting policies below. The financial statements have been prepared in accordance with IFRSs.

The preparation of financial statements in conformity with IFRSs requires the use of estimates and judgements that affect the application of the Group’s accounting policies and the reported amounts of assets, liabilities, income and expenses as well as the disclosures of contingent assets and liabilities. Although these estimates are based on management’s best knowledge of current events and actions, actual results may actually differ from these estimates. Critical accounting estimates and assumptions used that are significant to the financial statements, and areas involving a higher degree of judgement or complexity, are disclosed in Note 5 to the financial statements.

3 Summary of Significant Accounting Policies (cont'd)

(b) Functional and Presentation Currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). For the purpose of the consolidated financial statements, the results and financial position of each entity in the Group are presented in Singapore dollars, which is the functional currency of the Company. All financial information presented in Singapore dollars have been rounded to the nearest thousand (S\$'000) unless otherwise indicated.

(c) Foreign Currency Transactions and Translation

Foreign currency transactions are translated into the respective functional currencies of the entities in the Group using the exchange rates prevailing at the dates of transactions are entered into. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of foreign currency denominated monetary assets and liabilities at the rates prevailing at the reporting date are recognised in the income statement. Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions. Non-monetary items that are measured at fair value in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

In the preparation of the consolidated financial statements, the financial statements of those entities whose functional currency is not the Singapore dollars are translated into Singapore dollars, the presentation currency of the Group, as follows:

- assets and liabilities are translated at the closing exchange rate at the reporting date;
- share capital and reserves are translated at historical exchange rates; and
- income and expenses are translated at average exchange rates for the period (unless the average rate is not a reasonable approximation of the cumulative effect of rates prevailing on the transactions dates, in which case, income and expenses are translated using the exchange rates at the dates of the transactions).

Exchange differences arising from the above translations are recognised in other comprehensive income and these are accumulated in the foreign currency translation reserve. On consolidation, exchange differences arising from the translation of net investments in foreign entities (including monetary items that in substance form part of the net investments in foreign entities) are recognised in other comprehensive income and accumulated foreign currency translation reserve. On disposal, the accumulated translation differences are recognised in the income statement as part of the gain or loss on disposal in the period in which the foreign entity is disposed of. While on a partial disposal which does not result in a loss of control, the proportionate share of accumulated translation differences are re-attributed to non-controlling interests and are not recognised in the income statement.

(d) Subsidiaries

Subsidiaries are entities over which any of the Group companies have control. The Group companies control an entity if and only if they have power over the entity and when they are exposed to, or have rights to variable returns from their involvement with the entity, and have the ability to use their power over the entity to affect those returns. The Group will re-assess whether or not it controls an entity if facts and circumstances indicate that there are changes to one or more of the three elements of control. Subsidiaries are fully consolidated from the date on which control is transferred to the Group companies and are deconsolidated from the date that control ceases.

Interests in subsidiaries are stated at cost less any accumulated impairment losses in the Company's statement of financial position. On disposal of interests in subsidiaries, the difference between the disposal proceeds and the carrying amounts of the interests are recognised in the income statement.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2017

3 Summary of Significant Accounting Policies (cont'd)

(e) Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries made up to 31 December, after elimination of material balances, transactions and unrealised profit or loss on transactions between the group entities. The financial statements of the subsidiaries are prepared for the same accounting period as the Company, using uniform accounting policies for like transactions and other events in similar circumstances in accordance with IFRSs.

The acquisition method of accounting is used to account for the business combination. The consideration transferred in a business combination is measured at fair value which comprises the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the acquirer. Acquisition related costs are expensed as incurred. Identifiable assets acquired and liabilities assumed in a business combination are measured at their fair values at the acquisition date. Any non-controlling interests in the acquiree is measured at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets.

Non-controlling interests ("NCI") are that part of the net results of operations and of net assets of a subsidiary attributable to the interest which are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and statement of financial position. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transaction. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the change in carrying amount of the non-controlling interests and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company. When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related non-controlling interests and other components of equity. Any resulting gain or loss is recognised in the income statement.

Business combinations which involve the transfer of net assets or the exchange of shares between entities under common control are accounted for as a uniting of interests. The financial information included in the consolidated financial statements reflects the combined results of the entities concerned as if the combination had been in effect for all periods presented. In accordance with IFRSs, profits reflected in the financial statements prepared in accordance with IFRSs may differ from those reflected in the PRC statutory financial statements of the subsidiaries, prepared for PRC reporting purposes. In accordance with relevant laws and regulations, profits available for distribution by the PRC subsidiaries are based on the amounts stated in the PRC statutory financial statements.

(f) Investment Properties

Investment properties are properties held to earn leasing income and/or for capital appreciation. Investment properties are initially recognised at cost and subsequently carried at cost less accumulated depreciation and any impairment losses where the recoverable amount of the asset is estimated to be lower than its carrying amount. Depreciation is calculated using a straight-line method to allocate the depreciable amounts over the estimated useful lives of 30 to 40 years or, where shorter, the terms of the relevant leases. Investment properties are subject to renovations or improvements at regular intervals. The cost of major renovation and improvements is capitalised and the carrying amounts of the replaced components are recognised in the income statement. The cost of maintenance and minor improvements is recognised in the income statement when incurred. Investment properties are derecognised when, either they have been disposed of, or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in the income statement in the year of retirement or disposal.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2017

3 Summary of Significant Accounting Policies (cont'd)

(g) Property, Plant and Equipment

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and any impairment losses whereby the recoverable amount of the asset is estimated to be lower than its carrying amount. Depreciation is charged so as to write off the cost of assets, using the straight-line method, over the following estimated useful lives:

Leasehold land and buildings	-	30 to 40 years
Plant, machinery and equipment	-	5 to 20 years
Motor vehicles	-	5 years
Furniture and fixtures	-	5 years

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or, where shorter, the term of the relevant lease. Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

The cost of maintenance and repairs is charged to the income statement as incurred; significant renewals and improvements are capitalised. When assets are retired or otherwise disposed of, their carrying amounts and the related accumulated depreciation are derecognised and any resulting gains or losses are recognised in the income statement for the year. The residual values and estimated useful lives of property, plant and equipment are reviewed, and adjusted as appropriate, at each reporting date. The effect of any revision are recognised in the income statement when the changes arise.

(h) Impairment of Non-Financial Assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss or whether there is any impairment loss previously recognised for an asset in prior years may no longer exist or may have decreased. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. An asset's recoverable amount is calculated at the higher of the asset's value in use and/or its fair value less cost of disposal.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that it does not restate the asset to a carrying amount in excess of what would have been determined (net of any depreciation) had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised as an income immediately, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

(i) Deferred Charges

Deferred charges comprise certain expenditures, being benefits extend over a period of more than one year which are initially recognised at cost and subsequently carried at cost less accumulated amortisation. These costs are amortised to the income statement over the periods benefited using the straight-line method.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2017

3 Summary of Significant Accounting Policies (cont'd)

(j) Inventories

Inventories comprise primarily hotel consumables are measured at the lower of cost, determined using the first-in, first-out basis, and net realisable value. Cost comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion.

(k) Leases

- *When the Group is the lessee*

Leases in which a significant portion of the risks and rewards incidental to ownership are retained by the lessor are classified as operating lease. Payments made under operating leases (net of any incentives received from the lessor) are charged to the income statement on a straight line basis over the period of the lease.

Leases of property, plant and equipment when the Group assumed substantially all the risks and rewards incidental to ownership are classified as finance leases. Finance leases are capitalised at the inception at the lower of the fair value of the leased property and the present value of the minimum lease payments.

Each lease payment is allocated between the finance charges and the reduction of the outstanding lease liability. The finance charge is recognised in the income statement over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

- *When the Group is the lessor*

Leases of investment properties where the Group retains substantively all risks and rewards incidental to ownership are classified as operating lease. Leasing income from operating leases (net of any incentives given to the lessees) is recognised in the income statement on a straight-line basis over the lease period. Contingent rents are recognised as income in the income statement when earned.

(l) Financial Assets

The Group classifies its non-derivative financial assets in the following categories: loans and receivables and fair value through profit or loss. The classification depends on the purpose for which the financial assets are acquired. Management determines the classification of its financial assets at initial recognition. Financial assets are derecognised when, and only when, the contractual rights to the cash flows from the financial assets have expired, or have been transferred and transferred substantially all the risks and rewards of ownership of the financial assets to another entity.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides money, goods or services directly to a debtor with no intention of trading the receivable. Loans and receivables include cash and cash equivalents and trade and other current assets (excluding prepayments). Cash and cash equivalents classified under current assets comprise cash on hand, cash in bank and time deposits with maturities of three months or less and which are highly liquid assets that are readily convertible into known amounts of cash and subject to an insignificant risk of changes in value.

Loans and receivables are recognised initially at fair value which is normally the original invoiced amount plus, any directly attributable transaction costs, and subsequently carried at amortised cost using the effective interest method. Appropriate allowances for estimated irrecoverable amounts are recognised in the income statement when there is objective evidence that the asset is impaired.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2017

3 Summary of Significant Accounting Policies (cont'd)

(l) Financial Assets (cont'd)

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments. If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in the income statement.

Financial assets at fair value through profit or loss are financial assets held for trading and those designated at fair value through profit or loss at inception. Financial assets at fair value through profit or loss are initially recognised at fair value with subsequent changes in fair value recognised in the income statement.

(m) Financial Liabilities and Equity

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. Financial liabilities include finance lease obligations, interest-bearing borrowings and trade and other payables. The accounting policy adopted for finance lease obligations is outlined in Note 3(k) to the financial statements.

Interest-bearing borrowings are recorded at the proceeds received, net of direct issue costs. Direct issue costs are amortised over the period of the borrowings. Finance charges, including premiums payable on settlement or redemption, are accounted for on an accrual basis and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise.

Trade and other payables are carried at cost, which is the fair value of the consideration to be paid in the future for goods and services received. Interest-bearing trade and other payables are recognised initially at cost less attributable transaction costs. Subsequent to initial recognition, interest-bearing trade and other payables are stated at amortised cost using the effective interest method.

Financial liabilities are derecognised when, and only when, the obligations are discharged, cancelled or they expire. The difference between the carrying of the financial liability derecognised and the consideration paid and payable is recognised in the income statement.

Ordinary shares are classified as equity. Share capital is determined using the par value of shares that have been issued. Share premium includes any excess received on the issuance of shares over the par value, net of any direct issue costs. The application of the share premium account is governed by Section 40 of the Companies Act 1981 of Bermuda.

The Company's own ordinary shares, which are re-acquired by the Company and held as treasury shares, are recognised at cost and deducted from equity. No gain or loss is recognised in the income statement on the purchase, sale, re-issuance or cancellation of equity shares. Any difference between the carrying amount of treasury shares and the consideration received, if re-issued, is recognised directly in equity as gain or loss on re-issuance of treasury shares.

NOTES TO THE FINANCIAL STATEMENTS

3 Summary of Significant Accounting Policies (cont'd)

(n) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is recognised in the income statement as follows:

- Leasing income from operating leases on investment property is recognised on a straight-line basis over the lease term.
- Hotel room revenue is recognised based on room occupancy while other hotel revenues are recognised when the goods are delivered or the services are rendered to the customers.
- Interest income is accrued on a time-proportion basis, by reference to the principal outstanding and at the effective interest rate applicable.
- Deferred income is recognised when the right to receive payment is established.

(o) Business Assistance Grant

Business assistance grants are granted by certain district bureau. Such grant which is discretionary in nature is recognised at their fair value and presented as a credit in the income statement under a general heading such as "Other Operating Income" upon receipt.

(p) Borrowing Costs

Interest expense and similar charges are expensed in the income statement in the period in which they are incurred, except to the extent they are capitalised as being directly attributable to the acquisition and construction of an asset which necessarily takes a substantial period of time to be prepared for its intended use or sale.

(q) Income Tax

Current income tax for current and prior years is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantially enacted at the reporting date in the countries where the Group operates and generates income. Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is charged or credited to the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred income tax is also dealt with in equity. Deferred income tax assets and liabilities are offset when they relate to income taxes levied by the same tax authority. The amount of deferred income tax is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Deferred income tax is provided on temporary differences arising on investments in subsidiaries except where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

(r) Post-Employment Benefits

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid. Payments to defined contribution plans are charged as an expense when employees have rendered the services entitling them to the contributions.

3 Summary of Significant Accounting Policies (cont'd)

(s) Dividends Distribution

Dividends distribution to the Company's shareholders is recognised as liability in the financial statements in the period in which the dividends are approved for payment.

(t) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting to the Executive Committee whose members are responsible for allocating and assessing performance of the operating segments.

4 Financial Risk Management

(a) Capital Risk Management

The Group manages its capital to ensure that the entities in the Group will be able to continue as a going concern and to maintain an optimal capital structure so as to maximise the shareholders' value. The Group's overall strategy remains unchanged since 2016.

Neither the Group nor the Company is subject to any externally imposed capital requirements. The net cash and total equity of the Group as at 31 December 2017 and 2016 are as follows:

	<u>2017</u> S\$'000	<u>2016</u> S\$'000
Cash and cash equivalents	93,904	60,553
Short-term investments	1,369	1,132
Debts – Obligations under finance lease	<u>(233)</u>	<u>(303)</u>
Net cash	<u>95,040</u>	<u>61,382</u>
Total equity	<u>437,284</u>	<u>429,901</u>

The directors of the Company review the capital structure of the Group and makes adjustment to it, in light of changes in economic conditions. As part of the review, the directors of the Company consider the cost of capital and the risks associated with each class of capital. The Group monitors the capital using the net cash/debt position and gearing ratio, if any. Total equity include all capital, reserves of the Group and non-controlling interests.

(b) Financial Risk Management

The Group's operations expose it to a variety of financial risks: foreign currency risk, interest risk, price risk, credit risk and liquidity risk.

(i) Foreign Currency Risk

The Group's foreign currency exposures arose mainly from its commercial transactions, recognised assets and liabilities, primarily the exchange rate movements of the United States dollar ("USD"), the Chinese Renminbi ("RMB"), the Hong Kong dollar ("HKD") and the Singapore dollar ("SGD"). The Group did not actively engage in activities to hedge its foreign currency exposures. In addition to transactional exposure, the Group is also exposed to currency translation risk arising from its net investments in foreign operations, including the PRC and Hong Kong. The Group's net investments are not hedged as currency positions in RMB and HKD are considered to be long-term in nature.

4 Financial Risk Management (cont'd)

(b) Financial Risk Management (cont'd)

(i) Foreign Currency Risk (cont'd)

The entities within the Group have different functional currencies depending on the currency of their primary economic environment. A 5% strengthening of the functional currency of these entities against the United States dollar at the reporting date would increase/(decrease) the Group's profit for the year and equity by the amount shown below. This analysis assumes that all other variables, in particular interest rates, remain constant:

	<u>2017</u> S\$'000	<u>2016</u> S\$'000
USD against functional currencies of:		
SGD	(3)	(24)
RMB	222	161
HKD	<u>(19)</u>	<u>(226)</u>

(ii) Interest Risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to interest rate risk primarily arising from its interest-bearing cash and cash equivalents and finance lease at the end of the current reporting period. Interest rate risk arising from the fluctuation of interest rates has no significant impact on the Group's profit for the year.

(iii) Price Risk

Price risk is the risk that the value of the financial instrument will fluctuate as a result of changes in market prices. The Group is exposed to price risk arising from its investments held as financial assets at fair value through profit or loss. The Group monitors the market closely to ensure that the risk exposure to the volatility of the investments is kept to a minimum. At the end of the reporting period, there was no significant exposure to price risk.

(iv) Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counter-party to a financial asset fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and cash and cash equivalents. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Group performs regular credit evaluation of its customers' financial conditions and customers may be required to provide security in terms of cash deposits and advances. At the end of the reporting period, there was no significant concentration of credit risks. Cash and bank balances mainly comprise deposits with reputable banks with acceptable credit ratings.

(v) Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the financial obligations due to shortage of funds. To manage liquidity risk, the Group maintains a level of cash and bank balances and banking facilities deemed adequate by management to finance its operations. In assessing the adequacy of the facilities, management reviews its working capital requirements.

5 Critical Accounting Estimates, Assumptions and Judgements

The Group makes estimates and assumptions concerning the future. Estimates, assumptions and judgements are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical Accounting Estimates and Assumptions

Estimated Useful Lives of Investment Properties and Property, Plant and Equipment

The Group estimates the useful lives of investment properties and property, plant and equipment based on the terms of the relevant leases, or where shorter, the period over which the assets are expected to be available for use. The estimated useful lives of investment properties and property, plant and equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the relevant assets. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. A reduction in the estimated useful lives of investment properties and property, plant and equipment would increase the recorded expenses and decrease the non-current assets.

There is no change in the estimated useful lives of investment properties and property, plant and equipment during the current financial year. The carrying amounts of the Group's investment properties and property, plant and equipment are disclosed in Notes 16 and 17 to the financial statements respectively.

5 Critical Accounting Estimates, Assumptions and Judgements (cont'd)

(b) Critical Judgement in Applying Accounting Policy

Impairment of Properties

The Group performs impairment tests on its properties comprising investment properties and leasehold land and buildings under property, plant and equipment, at each reporting date to assess whether they are impaired, in accordance with the accounting policy stated in Note 3(h). The recoverable amounts of the properties are determined at the higher of the asset's value in use and/or its fair value less cost of disposal. In making this judgement, the Group evaluated the fair value of the properties based on independent professional valuations.

As at 31 December 2017, there is no impairment loss recognised in the financial statements and the carrying amount of the Group's investment properties and leasehold land and buildings under property, plant and equipment amounted to S\$212,454,000 (2016: S\$227,942,000) and S\$163,089,000 (2016: S\$174,252,000) respectively (Notes 16 and 17).

During the current financial year, an allowance for impairment loss on trade receivables of S\$18,000 (2016: S\$Nil) is made for estimated incurred losses in respect of certain receivables. During the current financial year, the direct operating expenses (which include depreciation and repair and maintenance expense) recognised in cost of sales in respect of these operating leases were S\$23,508,000 (2016: S\$25,370,000).

As at 31 December 2017 and 2016, the fair value of the Group's investment properties is approximately RMB6,819 million, equivalent to S\$1,398 million (2016: S\$1,418 million) based on external valuation reports prepared by the independent professional valuers, Savills Valuation and Professional Services Limited, dated 15 February 2017 based on the market data approach. Management has made a judgement that the fair value will not differ significantly from the valuation report.

Under the market data approach, the valuation was arrived at by reference to market evidence of transaction prices for properties located in a similar location. The most significant input in this valuation approach is the selling price per unit of floor area.

The fair value has been categorised as Level 2 of the fair value hierarchy (as defined in Note 29(b)).

The Group recognised deferred tax assets on deductible temporary differences attributable to investment properties and property, plant and equipment, as the directors believe it is probable that future taxable profit will be available against which the Group can utilise the benefit therefrom.

As at 31 December 2017, deferred tax liabilities of S\$2,236,000 (2016: S\$2,116,000) have been recognised for taxes that would be payable on the undistributed earnings of certain of the Group's subsidiaries in the PRC as the Group has determined that the distributable earnings of its subsidiaries will be distributed in the foreseeable future.

At the end of the reporting period, a subsidiary has unrecognised tax losses available for offsetting against future taxable profits amounting to S\$12,711,000 (2016: S\$11,218,000). The availability of the unrecognised tax losses for set-off against future taxable profits is subject to the tax regulations of the country in which the subsidiary is incorporated. The tax losses have no expiry period. The deferred tax benefit arising from these unrecognised tax losses of S\$2,160,000 (2016: S\$1,907,000) has not been recognised in the financial statements.

23 Share Capital and Treasury Shares (cont'd)

During previous financial year, the Company undertook a share consolidation exercise, where every four (4) ordinary shares with a par value of US\$0.025 each in the authorised and issued share capital of the Company were consolidated into one (1) ordinary share with a par value of US\$0.10 each. This was approved by shareholders at the Special General Meeting of the Company held on 21 April 2016. Pursuant to the rounding consolidation where fractions are rounded up to the next full unit as described in the circular to shareholders dated 1 April 2016, 723 consolidated shares held as treasury shares were transferred to affected shareholders who had a resulting fraction of a consolidated share. 24 Asset Revaluation Reserve

The asset revaluation reserve relates to the revaluation of the Group's investment properties and hotel properties classified as property, plant and equipment prior to the restructuring exercise in 2010. When the revalued properties are sold, the portion of the revaluation reserve that relates to that asset, and is effectively realised, is transferred directly to retained earnings.

25 Merger Reserve

Pursuant to a restructuring exercise in 2010, the Company acquired the interest in its subsidiaries and loans for an aggregate consideration of S\$410,665,000. This consideration was satisfied in full by the allotment and issuance of 1,520,979,718 ordinary shares of US\$0.05 each by the Company at an issue price of S\$0.27 per share. The difference of the nominal value of the shares of the subsidiaries acquired over the nominal value of the Company's shares, has been taken to shareholders' equity as "Merger Reserve" and adjusted accordingly in the financial statements.
